## FRECKLES

March Brings Out Unightly  
Spots. How to Remove Easily.

The woman with tender skin  
dreads March because it is likely  
to cover her face with ugly  
freckles. No matter how thick her  
veil, the sun and winds have a  
strong tendency to make her freckle.  
Fortunately for her peace of mind  
the prescription, ointment—double  
strength, makes it possible for even  
those most susceptible to freckles  
to keep their skin clear and white.  
No matter how stubborn a case of  
freckles you have the double  
strength ointment should remove them.  
Get an ointment from your druggist  
and banish the freckles. Money  
back if it fails.—Advertisement.
